Jacqui Wells

A Familys' Journey to Help Their Autistic Daughter: The Girl with Kaleidoscope Eyes Jacqui Wells The Girl With Kaleidoscope Eyes is the story of a family's journey through the world of Autism. Beginning with the early scary days of diagnosis, statementing and finding the correct educational setting to the first teenage years, premenstrual mood swings and teenage tantrums.

Sophie has Autism in it's purest form, she has no verbal speech, has behavioural problems and Sensory Processing Disorder. This story takes you from the days of Sophie being a mute, severely introverted toddler who would spend hours rocking back and forth, banging her fists on her head to now when she is a teenager who still loves her Disney films, can't leave the house without her 'bling' and sulks when she can't get her own way.

In many ways Sophie is much every other 14 year old. Her family are determined that she be given as many opportunities as possible and be able to live her life to the fullest. Autism brings many worries but can also give out great rewards.

In reading this story we hope you can understand even just a smallest piece of the Autism puzzle and know that if you are a parent going through those early days that there is light at the end of the tunnel.
