# The Human Side of Outsourcing: Psychological Theory and Management Practice

**The Human Side of Outsourcing: Psychological Theory and Management Practice**
"The Human Side of Outsourcing" considers outsourcing from both management and staff perspectives. The book includes chapters on cultural and individual differences, the life-cycle approach, best practices, and recruitment, as well as featuring informative case studies from the field. Practitioner-focused but with a strong foundation in theory and research, this is a valuable resource for organizational psychologists and consultants, as well as human resource professionals, managers, and executives.
