Poems Wilfred Owen
In writing an Introduction such as this it is good to be brief. The poems printed in this book need no preliminary commendations from me or anyone else. The author has left us his own fragmentary but impressive Foreword; this, and his Poems, can speak for him, backed by the authority of his experience as an infantry soldier, and sustained by nobility and originality of style. All that was strongest in Wilfred Owen survives in his poems; any superficial impressions of his personality, any records of his conversation, behaviour, or appearance, would be irrelevant and unseemly. The curiosity which demands such morsels would be incapable of appreciating the richness of his work. The discussion of his experiments in assonance and dissonance (of which 'Strange Meeting' is the finest example) may be left to the professional critics of verse, the majority of whom will be more preoccupied with such technical details than with the profound humanity of the self- revelation manifested in such magnificent lines as those at the end of his 'Apologia pro Poemate Meo', and in that other poem which he named 'Greater Love'.
