The Kissing Game: Short Stories Aidan Chambers
In this brand-new collection of short stories, Aidan Chambers explores moments of truth, when a character or an event suddenly reveals an often-surprising meaning: A girl loses her humanity when she takes a summer job as a theme-park character; a boy tries to save a girl from a fiery death, only to discover the same event happened one hundred years before. And the titular story, in which an innocent game takes a fatal turn, will haunt the reader for a long time.

These provocative stories beautifully lend themselves to discussion, and once again Chambers treats us to his fiercely intelligent, finely crafted prose and his incisive understanding of the wonderings of young people on the verge of adulthood.
