Java Performance Companion Charlie Hunt, Monica Beckwith, Poonam Parhar, Bengt Rutisson
Java® Performance Companion **helps you systematically and proactively improve Java performance with today's advanced multicore hardware and complex operating system environments.**

The ideal follow-up to *Java™ Performance,* it offers unprecedented detail on two powerful Java platform innovations: the Garbage First (G1) garbage collector and the HotSpot Serviceability Agent. The authors, who are all leading Java performance experts, help you improve performance by using modern software engineering practices, avoiding common mistakes, and applying tips and tricks available nowhere else.

Coverage includes

- Leveraging G1 to overcome shortcomings in parallel, serial, and CMS garbage collection
- Getting under the hood with G1 and using it to efficiently fine-tune your application
- Working with G1 heap regions, humongous objects, and humongous regions
- Adaptively meeting requirements for heap size and pause time
- Understanding each stage of a G1 GC young collection
- Exploring the internals of the HotSpot JVM
- Using HotSpot Serviceability Agent to analyze, triage, and resolve diverse JVM issues
- Working with HSDB, CLHSDB, and other modern debugging tools
- Extending the Serviceability Agent, and using the Plugin for VisualVM
- Troubleshooting out of memory errors, Java level deadlocks, and HotSpot crashes
- Mastering useful HotSpot JVM command line options not covered in Java™ Performance
- Identifying potential optimizations, interpreting experimental results, and taking action

Java® Performance Companion **can help you squeeze maximum performance and value from Java with JDK 8 or 9—for any application, in any environment.**

From reader reviews:

Lori Thomas:

The book Java Performance Companion make you feel enjoy for your spare time. You may use to make your capable a lot more increase. Book can for being your best friend when you getting pressure or having big problem together with your subject. If you can make looking at a book Java Performance Companion being your habit, you can get much more advantages, like add your own personal capable, increase your knowledge about a few or all subjects. You can know everything if you like available and read a guide Java Performance Companion. Kinds of book are several. It means that, science reserve or encyclopedia or other people. So , how do you think about this book?

Raymond Llamas:

Are you kind of hectic person, only have 10 or 15 minute in your day to upgrading your mind proficiency or thinking skill even analytical thinking? Then you are having problem with the book than can satisfy your small amount of time to read it because all this time you only find book that need more time to be examine. Java Performance Companion can be your answer because it can be read by an individual who have those short spare time problems.

Susan Brooks:

As we know that book is vital thing to add our knowledge for everything. By a reserve we can know everything we want. A book is a range of written, printed, illustrated or blank sheet. Every year was exactly added. This book Java Performance Companion was filled in relation to science. Spend your spare time to add your knowledge about your scientific research competence. Some people has different feel when they reading some sort of book. If you know how big benefit of a book, you can feel enjoy to read a guide. In the modern era like today, many ways to get book you wanted.

Joshua Stpierre:

Reading a book make you to get more knowledge from it. You can take knowledge and information from the book. Book is composed or printed or illustrated from each source which filled update of news. On this modern era like today, many ways to get information are available for a person. From media social similar to newspaper, magazines, science e-book, encyclopedia, reference book, fresh and comic. You can add your knowledge by that book. Are you hip to spend your spare time to spread out your book? Or just looking for the Java Performance Companion when you essential it?
