I Am NOT A Millionaire: Mindset Shifts From Failure to Financial Freedom (Volume 1) Andrew Alexander
Ever notice how successful people think differently? They say that when you begin to think like a millionaire, you will start making new choices in your life that will bring new results. Results that you haven't seen before. And this is a good thing, because when you start putting these concepts to practice in your daily life, you will begin to experience this same mindset shift that I recently went through. Anybody can learn this new mindset. I am not the only person in my close circle of friends who was able to quit my job and experience financial freedom from these principles. What if you chose to read a book that will shift your mindset? What if this book will help you spot new opportunities? What if this book is the shift from failure to financial freedom? What if this book is the beginning of a new chapter in your life? This book will not make you a millionaire in itself, but I promise you that it will open up your mind to a new way of thinking that will push you in that new direction of your life. -Andrew Alexander Author, Entrepreneur, Mentor
