Re-Use-The Art and Politics of Integration and Anxiety

Re-Use-The Art and Politics of Integration and Anxiety
Presented here is a novel approach to understanding the relationship between the past and the present using the unique concept of re-use, wherein elements from the past are strategically adapted into the present, and thus become part of a new modernity.Beautifully illustrated with exquisite images, this is a collection of well-researched and lucidly written scholarly articles that apply the concept of re-use to different aspects of cultural, political and material life?from art, architecture and jewelry to religion, statesmen and legislatures. By not treating artistic, political, religious and cultural developments as linear evolutions, this book encourages readers to understand them as a continuous modification of the past and a periodic return to earlier forms.
