The British Army Against Napoleon: Facts, Lists and Trivia, 1805-1815

Bob Burnham, Ron McGuigan

The British Army Against Napoleon: Facts, Lists and Trivia, 1805-1815 Bob Burnham, Ron McGuigan Despite the bewildering number of tomes devoted to the Napoleonic wars, much basic data as been hitherto unavailable to anyone other than the most ardent scholars. McGuigan and Burnham have collected a tremendous treasure trove of information in a readily accessible form. Other books may tell you how many regiments were sent on the expedition to Hanover in 1805, but The British Army against Napoleon will tell you where every single regiment in the British army was stationed, who were their honorary colonels, and give you a list of all the barracks in Britain with the number of men they were designed to hold.

Where else will you find not just the pay of different ranked officers but the amount of income tax they paid, as well as all the other deductions and stoppages that reduced their actual receipts to a fraction of their nominal (and generally quite low) pay? Or pension charts for widows? There are tables that list all the recipients of the honours and awards issued, casualties in action and disease, seniority of officers of the numerous expeditions and campaigns (a matter not just of curiosity but of major significance, for the date of rank of an officer determined who commanded the force and all of its sub-units.)

The material in these tables has been collected from countless primary sources and official publications such as the Army List, London Gazette, Wellington s Dispatches, regimental histories, artillery manuals, and handbooks.
