Malcolm Vale

The Princely Court: Medieval Courts and Culture in North-West Europe, 1270-1380 Malcolm Vale
In this engaging work, Malcolm Vale sets out to recapture the splendor of court culture in Western Europe during the thirteenth and fourteenth centuries. Exploring the time between the death of St Louis and the rise of Burgundian power in the Low Countries, he illuminates a period in the history of princes and court life previously overshadowed by that of the courts of the dukes of Burgundy. The result is a fascinating evaluation of the nature and role of the court in European history, and a celebration of a forgotten age.
