True Truth: Defending Absolute Truth in a Relativistic World Art Lindsley
Conventional wisdom holds that any belief in *absolutes,* especially of a religious nature, leads inevitably to the oppressive *absolutism* of such movements as the Inquisition, the Crusades and even Nazism. As a result, Christian apologists have been hard-pressed to make a case for the rational absolutes that are a necessary part of belief in Jesus. Art Lindsley takes up the task in *True Truth.* While maintaining the indispensability of absolutes, he ably demonstrates that faith in Christ is necessarily opposed to and incompatible with the abuses of oppression, arrogance, intolerance, self-righteousness, closed-mindedness and defensiveness. Surprisingly, Lindsley shows that it is relativism which often harbors dangerous, inflexible absolutisms. Here is a book that actively challenges the dismissal of truth, preparing the way for more effectively proclaiming the gospel and living Christianly in a postmodern world.
