For courses covering general topics in math course, often called liberal arts math, contemporary math, or survey of math.
This package includes MyMathLab®.

Everyday math, everyday language.
The Tenth Edition of ***A Survey of Mathematics with Applications*** continues the tradition of showing students how we use mathematics in our daily lives and why it's important, in a clear and accessible way. With straightforward language, detailed examples, and interesting applications, the authors ensure non-majors will relate to the math and understand the mathematical concepts that pervade their lives. With this revision, an expanded media program in MyMathLab, and a new workbook further build upon the tradition of motivating and supporting student learning.

Personalize learning with MyMathLab
MyMathLab is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and engage with media resources to help them absorb course material and understand difficult concepts. **NEW!** This edition's MyMathLab course provides additional tools to help with understanding and preparedness.
