ATLAS (ATLAS Series) Isaac Hooke

The future of warfare has a name: ATLAS.

Three times the height of an ordinary man and ten times wider, the ATLAS mech represents the peak of combat engineering. Rade Galaal will become a one-man army…if he can survive the training.

The MOTHs: elite warriors, products of the most arduous military training known to man. Only the MOTHs can master the devastating, atomic-powered battle suits dubbed ATLAS, massive weapons-laden mechs that constitute an unstoppable ground force when piloted by the consummate soldiers of the MOTH teams. Can Rade make the grade, ascending from raw recruit to ATLAS war machine?

Careful what you wish for: when Special Warfare Command sets a mission beyond the limits of explored space, all of the conditioning, sacrifice, and hard-won skill—and the awesome might of the ATLAS technology—may not be enough to confront the unforeseen horrors found there. Rade's dream of military glory might just turn out to be the ultimate nightmare.

Revised edition: This edition of *ATLAS* includes editorial revisions.

From reader reviews:

John Ashton:

The book ATLAS (ATLAS Series) can give more knowledge and information about everything you want. So why must we leave the good thing like a book ATLAS (ATLAS Series)? A few of you have a different opinion about publication. But one aim this book can give many details for us. It is absolutely suitable. Right now, try to closer along with your book. Knowledge or information that you take for that, you can give for each other; you may share all of these. Book ATLAS (ATLAS Series) has simple shape but the truth is know: it has great and large function for you. You can seem the enormous world by available and read a guide. So it is very wonderful.

Eleanor Hayes:

As people who live in the modest era should be change about what going on or info even knowledge to make these individuals keep up with the era and that is always change and progress. Some of you maybe may update themselves by reading through books. It is a good choice in your case but the problems coming to a person is you don't know what one you should start with. This ATLAS (ATLAS Series) is our recommendation to make you keep up with the world. Why, as this book serves what you want and need in this era.

Maureen Perdue:

Information is provisions for individuals to get better life, information currently can get by anyone at everywhere. The information can be a know-how or any news even a concern. What people must be consider when those information which is in the former life are challenging to be find than now is taking seriously which one is suitable to believe or which one the particular resource are convinced. If you have the unstable resource then you buy it as your main information you will see huge disadvantage for you. All of those possibilities will not happen in you if you take ATLAS (ATLAS Series) as your daily resource information.

Frank Foushee:

Do you like reading a publication? Confuse to looking for your best book? Or your book had been rare? Why so many concern for the book? But almost any people feel that they enjoy regarding reading. Some people likes studying, not only science book but novel and ATLAS (ATLAS Series) as well as others sources were given understanding for you. After you know how the good a book, you feel wish to read more and more. Science publication was created for teacher or students especially. Those ebooks are helping them to put their knowledge. In different case, beside science publication, any other book likes ATLAS (ATLAS Series) to make your spare time more colorful. Many types of book like this one.
