Blueprints Hematology and Oncology (Blueprints Pockets) Casey O. Connell, Vanessa Dickey

Designed as a quick read for both students on a hematology/oncology rotation and others who want to know more about the specialty, **Blueprints Hematology and Oncology** covers the essentials that every practitioner will need to know.

Pocket-sized and practical, this book covers the most common conditions students are likely to encounter. It focuses on the essential content students need to know during a rotation allowing for a fast, easy read.

Twenty-five multiple-choice review questions are included to help students test their understanding of the subject. The book also features a valuable appendix on career and residency opportunities. Also included are sections on medications and their toxicities and common hematological and oncological emergencies.

Perfect for medical students -- physician assistants, nurse practitioners and related health professionals will also find Blueprints valuable.
