Catching Stardust (Falling Stars) (Volume 1) Heather Thurmeier
Maia’s been banished to Earth from her place among the stars as the eldest sister of Pleiades... and all because Orion won’t stop chasing her around the universe. Now Maia has to find her way back to the stars with only the help of hunky astronautics scientist Zander while staying hidden from Orion. Zander never expected the discovery of his lifetime to fall into his lap, but when Maia also falls into his bed, he knows there’s no way he can turn the goddess who has stolen his heart into a science project. With his best friend ready to sell him out for fame, her wannabe lover Orion chasing after her on Earth, and time running out fast, Zander must fight to keep Maia safe long enough to get her home. If going home means losing Zander, is Maia ready to go back to the stars?
