Dishonor Before Death Sean Sakamoto
Kazuo Tachibana is only 14 when the Emperor of Japan visits his rustic country town. For his father, the Governor, the visit is a chance to curry favor and escape the bumpkin life in an outpost on the Nakasendo highway. For Kazuo, the visit means he might lose everything he has and return to a noisy city he can barely remember.

Like the still surface of a koi pond, the village is seething with life just under the surface. It doesn't take long before envy, scandal, dishonor and death rise to the surface in this dive into ancient Japan in the days of warlords, bamboo flutes, and paper lanterns swaying in the breeze.

Read this short story (about 25 pages) and you won't look up once before you're through. Great for a break, subway ride, waiting room, or before bed. When was the last time you read a story so good you forgot where you were?

Dishonor Before Death, A great story for less than a buck.

This story was originally published in Blossoms Are Falling, a Burning Wheel supplement by Luke Crane.
