# Environmental Analysis: The NEPA Experience

*Stephen G. Hildebrand, Johnnie B. Cannon*

**Environmental Analysis: The NEPA Experience** Stephen G. Hildebrand, Johnnie B. Cannon Environmental Analysis reviews information gathered during NEPA assessments, summarizes the state of the art in methods and approaches, and defines future opportunities and new approaches required to link high-quality science to the decision-making process. Individual chapters address the process itself, present examples of recent experience with ecological impact assessment, evaluate social impact assessment and the important role the public must play, discuss the difficult challenge of assessing cumulative effects of multiple impacts, consider the regional and global implications of NEPA, and examine the important role of follow-up studies in the process. The authors of the 59 individual papers comprising this book represent the major sectors that have been key participants in the decision-making process from the beginning. These sectors include academia, national laboratories, federal agencies, state agencies, private industry, and foreign nations. Environmental Analysis will be interesting reading for environmental scientists, engineers, policy makers, and lawyers in government and academia; private consultants; and non-government environmental organizations.
