National Geographic Almanac of American History

James Miller, John Thompson

National Geographic Almanac of American History James Miller, John Thompson
Featuring stunning images, revealing maps, historic facts, and concise analysis, the *National Geographic Almanac of American History* is carefully balanced to provide readers with a deeper comprehension of United States history.

The *Almanac* is unparalleled in its reader-friendly format: the book's four major sections are enhanced by a thorough table of contents, a detailed index, and bibliography, plus a feature on how to use the book. Section 1 explores America's geologic makeup and answers the question, "How was the land responsible for the way in which America developed?" Milestones comprise section 2: Twelve essays discuss how America evolved to become the global leader it is today. Section 3 covers the major eras in America's history, beginning with the earliest Native Americans. The final section of the book covers: Leaders, Wars, Religion and Beliefs, Presidents, and finally, Milestone Documents, including the Declaration of Independence, the Emancipation Proclamation, the Gettysburg Address, and more.

With an introduction by Hugh Ambrose, historian and a founding director of The National D-Day Museum, the *National Geographic Almanac of American History* is a timely and essential resource that every American should own.
