The Audacity of Courage: Chronicles of why and how I came to the United States and how I defeated the United States department of Justice in a 30 year ... to gain naturalization and citizenship. Mr. Magnus Odunze Duruji

At eight years old in 1968 Magnus Duruji saw the evil of Communism and Islamic fundamentalism through the ravages of a civil war, his mother dragging him and his four little siblings into an underground bomb bunker behind his house, built by his father with the help of his brother and a male refugee. Then in 1970 at age eleven Magnus , his parents and his seven siblings survived the civil war after barrage of roaring and thundering brutal bombardment in my little farming country hometown from then Soviet Union, now Russia, and from the Arab Islamic fighter pilots in Russian MIGS and British Harrier Jets on behalf of then divided national Nigerian government , but, only to make it into the United States for freedom to be thrown into Prison on a disguised U.S. Department of Justice Immigration illegal imposition when applicable laws weren't retroactive in non criminal dynamic events relevant to Magnus Duruji. Unconstitutionally imprisoned by the U&.S. department Of Justice Immigration ICE, and consequently shuffled from one prison to another in his quest to become a United States citizen, Magnus fasted and cumulatively cried out to God for Divine intervention. Magnus exchanged a solemn oath of promise with God if He will intervene and make His presence practically clear that He God exists. Well, the rest of the fight for for freedom to become an American Citizen was Divinely written. This is the story about my childhood journey for Freedom from age eight to now 52, tipping in the United States of America. " In America you fight, you don't give up" Magnus Duruji, quoted in the Columbus Dispatch February 23, 2012; Associated Press February 24,2012 The Audacity of Courage challenges our conscience in relation to our belief in a free democratic system by taking us back to examine our relationship with the Purest form of Goodness: God. Through perseverance , a new level of humility was attained but not without audacious spiritually directed content of missteps and emergentic guidelines that may lead freedom. But, for this quest of freedom to be romantically fulfilled, the emergentic driving energy will challenge the very pristine document that currently holds the conscience of mankind to order: The Constitution of the United States. The issues that emerge in an effort to derail the mother of life known as "freedom" as enshrined in the U.S. constitution will also escalate through invisible rowdy noise of energy calling for the release of an innocent man through pious legal frame work. Interestingly, the journey of freedom for American citizen Magnus Duruji only serves as an instrument or tool if you will to showcase the the character of the American mind. "What is the mind mind"? The American mind is the in-dominate spirit of the American people to sacrifice their blood, their reputation, their wealth and their character for the good of all. This spirit of true will of character representative for all Americans in the people of the Great State Of Ohio (my adopted home State) is what makes America " The Land and Home of the freest people in the world. Ohio fought for me and my family free of color and accent. They only had interest in the preservation of the Great Constitution of the United States of America. Well, the audacity of courage is a politically incorrect book of the 21st century. it calls out the blights of arrogance in the current politically correct world we live. The American mind endures the truth it hurts in the politically correct society we live in. Thus, the Audacity of Courage highlights the story of a man who by his fathers mythological bedtime stories aspired for the United States of America. Having obtained permissible work student Visa directly from then U.S. Ambassador to Nigeria Thomas Pickering Jr. Magnus Duruji arrived in

the United States in 1981. "Will Magnus Duruji be welcomed by ICE" To say the least, his welcome will only become unfolding unconstitutional events in profiling.
