This is a story of two boys who went to look for firewood in the forest with their grandmother but they got lost on the way. The two boys were rescued by a Dinosaur. They ended up living with the Dinosaur's family for two years. During this period they learnt the ways of the dinosaurs and when they got home they were excited to teach their family and friends. They persuaded human beings to change their perspective about the Dinosaurs. They realised they were friendly creatures with a normal social set up.

Excerpt:

When I lifted up my head behold, there stood the largest creature I had ever seen: a Dinosaur. I trembled. My heart beat faster. I could not breathe well. I knew for sure our day of death had come.
"Young boys, what are you doing here at this hour? This is an unsafe place for you." The dinosaur said to us. We were shocked, Dinosaurs could talk! We stood with our mouth wide open. We had no answer because were surprised.
"Young fellows, what are you doing here?" She asked in a rather harsh tone.
"We had come for firewood with our granny but along the way we got lost." I tried to explain.
"You are lying to me." She said to us with a sure tone.
"No, we are lost." My brother replied almost immediately.
