Second Mencken Chrestomathy H.L. Mencken
"Chrestomathy", from the Greek for "useful learning", is defined as a selection of choice literary passages by one author. The material which eventually made it into Mencken's second chrestomathy was discovered by Mencken's biographer Teachout in 1992, after more than 30 years in storage, and is filled with the trademark common sense and barbed wit of this great social critic.
