Spirit Horses

Spirit Horses
The power, grace, and freedom of horses had always resonated deeply with Stromberg. Through his photographs of these magnificent beasts, he sees a way to bridge what he calls “modern life’s disturbing separation between people and nature.” The result is *Spirit Horses*, showcasing 140 of Stromberg’s extraordinary color portraits of these animals, along with quotations from leading teachers and writers exploring equine wisdom and its intersection with spirituality. The photographs in *Spirit Horses* were shot in a variety of locales, from wildlife sanctuaries to private ranches to natural habitats in Europe and the western United States. These images — and the accompanying quotes — offer a portrait of horses as profound teachers, giving strength and stability to a world out of balance.
