BATTLES AND SKETCHES OF THE ARMY OF TENNESSEE (1906) [SPECIAL ILLUSTRATED EDITION] Bromfield Lewis Ridley
This edition has been revised and profusely illustrated with photographs from the American Civil War.

"To find a proper description of a battle, it is best to scan the
report of him who planned and fought it. I have endeavored to
copy some of these reports from the Civil War records, giving in
chronological order the Southern side of the principal battles and events of the Army of Tennessee and of the west.

Accompanying the reports of some of the general officers and of my own of the execution of the battles, appear my journal and sketches written by myself and by other reliable eye witnesses, many of which have been published in the Confederate Veteran during the past seven years. The journal is that of a boy, and the sketches where written by the author are as impressions made upon a boy. It is not claimed for these perfection, but they are as nearly correct as a soldier in a humble position could understand them."
