Tech Savvy (The Hart Series Book 2) L.M. Roberts
1 company + 2 techies = True Love

Blake never thought that he would fall in love. He always thought love was a figment of a person's overactive imagination. Being the COO of Hart Inc. he has to make many sacrifices and at the top of those is having a life that he can call his own. When he meets a quirky technician at his new Miami office, he is surprised to find out she is also his new assistant. He can't believe his eyes, he's never seen someone so beautiful in his whole life.

Piper is the girl that no one liked when she was growing up. Only because she knew what she was doing with computers and was great at it. After escaping traumatic and dangerous trials, she sets her sights on Hart Inc. landing a job in the tech department. Knowing this is the job of her dreams, she can't help the fact that the reason she goes to work every day now is to see Blake Hart, her new boss.

Will love be able to conquer all, or will the past come back to haunt them in ways they could not possibly imagine?
