**Challenger: Role Playing Game Basic Edition** David Dostaler
This is a pen and paper tabletop role-playing game, not a computer game. If you're looking for one of those, I'm afraid you'll have to look elsewhere. I highly recommend the free dungeon-crawling, rogue-like: Lost Labyrinth.

Have you ever wanted to learn how to play a role-playing game, but never knew how to get started? Well, you've come to the right place. This free* (see below) Basic Edition of Challenger has everything you need to learn to play in 9 easy steps. You'll learn to play a role-playing game in under 8 pages! The GM (Game Master) will learn how to run an 'adventure' within 15 pages. If you read all 36 pages, you'll have mastered: world building, monster creation, role-playing, dungeon creation, wilderness encounters, traps, treasures, skills, powers, and levels; among many other things!

Learning to play isn't all hard work and reading, either. As soon as you've mastered the basics (in a couple easy pages) you'll be ready to start your first 'adventure' with your friends and learn the rest of the rules as you play! Three included sample adventures make learning to play an RPG easy. Four pre-made characters let you jump into the action instantly. So what are you waiting for? Learn how to play a role-playing game today in 9 easy steps!

*This book is completely free to download in the sample. I have copy and pasted the entire Challenger rules into the back of the file so you get all 37 pages of the Basic Edition for free in the sample. If they don't all show up in your sample, please let me know. You can e-mail questions or advice about Challenger to: challenger_rpg@hotmail.com. I always read everything everyone sends me and I'd love to hear your advice and recommendations about the full version of the game as well. The full version is free too!

What You Will Need to Play:

Apart from a copy of these rules, you will need: a pencil, paper, polyhedral dice (or my Free E-book Dice Roller for Kindle), 2-5 players ages 13 and up, and a little imagination.

Playing Time:

Each adventure will take approximately 2 hours to complete (assuming you have no clue what you're doing and including reading time and rules discussions).

Why Would I "Want" to Play an RPG?

Good question. RPGs started the whole computer and video-game RPG genre. They inspired games such as: Warcraft, Runescape, Baldur's Gate, Final Fantasy, and many others. Wouldn't it be neat to see where it all

started? It's also fun. Millions of people around the world already enjoy pen and paper RPGs paying millions of dollars yearly for their favorites. Wouldn't it be nice to learn to play for free?

Our Other Products:

For a complete list of our other RPG and Fantasy Novel products, please click on the author's name above. You can also find the print edition of the full version of Challenger elsewhere on Amazon.

How can I Support Challenger? (besides money, I mean)

Thanks for your kind support. If it wasn't for a lot of good people telling me how crappy Challenger is, it wouldn't be what it is today.

If you'd like to contribute to the game, every download counts. Each time the sales rank increases, there's a better chance my book will fall into the hands of people who will enjoy it. Every good review and download increases my reputation as an author and gives me a better chance at becoming professionally published. If you'd like to support us even more, please like us on Facebook and force us to follow you on Twitter. I always follow back. I'd really appreciate it. If you have advice on how to improve the full version of Challenger, please let me know. Thank you.
