The demand for this book has come from the students in the class room who have listened to these lectures on the Great Doctrines of the Bible, and have desired and requested that they be put into permanent form for the purpose of further study and reference. This volume is prepared, therefore, primarily, but not exclusively, for the student, and with his needs in mind.

The doctrines herein treated are dealt with from the standpoint of Biblical rather than Dogmatic theology. This is evident from the plan which is followed in the work, namely, to gather together all the Scripture passages dealing with the subject under consideration, and from them choose a required number that may be called representative; then seek to understand the meaning of these references by the study of the text itself as well as its context and parallel passages; and finally, from the selected proof-texts, formulate the doctrinal teaching, and place such results under appropriate headings.

The doctrines of God, Jesus Christ, and the Holy Spirit are more fully dealt with than the doctrines which follow. This is especially true of the doctrine of God. The reason for this is to set forth the method pursued in these studies, and to give a pattern for the study of the doctrines to follow.

It is intended that the doctrines of this book should be studied side by side with the open Bible. It is for this reason that many of the Scripture references are indicated by chapter and verse only. There must be constant reference to the Scriptures themselves.
