The Unraveling of America Jeff Shiring
The news is not good. Senseless crime is up, morality is down; the economy is vulnerable, while big business runs rampant. Personal, spiritual, and social accountability are at an alltime low. Greed and corruption are replacing the traditional values of America. People and our government are polarized and paralyzed. All this while the media recklessly bombards us with sensationalized news. The country seems to be coming apart at the seams. Jeff Shiring reports all the bad news, but then gives us hope with his thoughtful analyses of how to mend *The Unraveling of America*, before the fabric of our social structure winds up in the bins of America's shredding machines.
